<b>Description</b>				
<p>This document describes the high level principles applied in mapping v1.0 of the generic view definition for "Design to Quantity Takeoff/Cost Estimating".</p> <p>This view is based on the Coordination View for IFC 2x3, developed and published by the IAI's Implementer Support Group (ISG).</p> <p>There are no known limitations in this binding, relative to the generic view definition.</p>				
This document uses the official IAI View Definition Format version 1.0.11.
