

Wall

Project type : EW-1
Project type desc. : BLIS wall type
Classification notation : AA-01
Classification source : BLIS
Is exterior : Exterior
Fire rating : 90 minute
Material (1 layer) : Brick

Door

Project type : ED-1
Project type desc. : BLIS door type
Classification notation : BB-02
Classification source : BLIS
Manufacturer : Acme
Model ID : A-D-01
Model name : Standard
Hardware group : DH-1
Is exterior : Exterior
Fire rating : 90 minutes

Window

Project type : EW-1
Project type desc. : BLIS window type
Classification notation : DD-03
Classification source : BLIS
Manufacturer : Acme
Model ID : A-W-01
Model name : Standard
Hardware group : WH-1
Is exterior : Exterior
Fire rating : 90 minutes

Column

Project type : C-01
Project type desc. : BLIS column type
Classification notation : EE-04
Classification source : BLIS
Material list (1 material) : Concrete

Beam

Project type : B-1
Project type desc. : BLIS beam type
Classification notation : FF-05
Classification source : BLIS
Material list (1 material) : Steel

Floor slab

Slab type : Floor
Project type : FS-1
Project type desc. : BLIS floor slab type
Classification notation : GG-06
Classification source : BLIS
Fire rating : 90 minutes
Material (1 layer) : Concrete

Roof slab

Slab type : Roof
Project type : RS-1
Project type desc. : BLIS roof slab type
Classification notation : HH-07
Classification source : BLIS
Fire rating : 90 minutes
Material (1 layer) : Wood
